Omerza Orthodontics

Canton 4412 Whipple Ave NW, Canton, OH 44718 · (330) 492-7920

Emergency card

Print, cut along the lines, fold once. One for the wallet, one for the school bag.

Each card is wallet-sized when folded along its middle line: the first aid on one side, the numbers on the other.

FIRST AID, BEFORE YOU CALL

- **Poking wire:** push it flat with a pencil eraser; wax over the end. Not urgent.
- **Loose bracket:** leave it, wax if it rubs, call in office hours.
- **Sore teeth:** soft food, warm salt-water rinse, pain reliever as directed.
- **Lost retainer or aligner:** wear the previous one; call within days.
- **Knocked-out or displaced tooth, swelling, fever, a blow to the jaw:** urgent care or ER first, then call us.

Most orthodontic "emergencies" are not: a poking wire, a loose bracket and sore teeth can wait for office hours, and the card tells you what to do meanwhile. A knocked-out or badly displaced permanent tooth, a possible broken jaw, severe swelling or fever go to urgent care or the emergency room first; then call us.
